**The University of Texas At Austin** - Austin, TX

**Master of Science** : Computer Science And Programming, 04/2005  
**Texas State Technical College** - Waco - Waco, TX

## PROFESSIONAL SUMMARY

Well-qualified Front End Developer familiar with wide range of programming utilities and languages. Knowledgeable of backend and frontend development requirements. Handles any part of process with ease. Collaborative team player with excellent technical abilities offering 10+ years of related experience. I have the skills needed to both create a smooth, attractive user experience; and a secure & scalable codebase. Whether front-end layout & design, back-end efficiency & functionality, or anywhere in between, I'm a web engineering generalist with extremely strong foundational skills in React, Gatsby, Next, Vue, Vuex, Vuetify, Javascript, CSS, HTML. Professionally, I take pride in communication, efficiency, promptness, and attention to detail. When you need something done, send a message and we'll discuss the details. Then, once you provide the necessary information, it will be done, and done right.

## WORK HISTORY

**Senior Front End Developer**, 07/2020 to Current  
**Guru** - Austin, TX

- Discussed project progress with customers, collected feedback on different stages and directly addressed concerns.
